# **JAISON JAIDEEP LOBO**

Jaison3666@gmail.com| +91-7624851480 | Linkedin | Github | My Website

#### Skills

- **Technical Skills**: Java, Hibernate, Data Structures, Spring Boot, Angular, C, PHP, Javascript, Microservices, css, react.js, MySQL, Spring MVC, Maven, TypeScript, Git, AWS, Oracle, Spring framework, xml, oops, restapi, Junit, docker, web services, react, gherkin
- Software Tools: Eclipse, VS code, IntelliJ, Git Bash, MS Office, Postman, Azure Devops, jenkins, Kibana, TestNG, Software Systems
- **Other Skills**: Communication, Problem Solving, Leadership, Team Management, Analytical Skills, Web application, IaaS, Coding Standards, Designing, Design Pattern, Distributed Systems, Unit Testing, agile methodology, Model View Controller, Java Development, Databases, Debugging, Front-End Development, Programming, Software Development, Systems Design, Troubleshooting

#### Work Experience : Possess 2 years and 10 months of professional experience in software development.

#### Best Buy India (BBY India) | Software Engineer - 1

- Software Engineer 1 at BBY India, Bangalore, with 5 months of full-time experience in backend development. Proficient in building and maintaining REST APIs using Java Spring Boot.
- working on the 'Worksite' project for order fulfillment, contributing to key features such as phone calling via Twilio, emergency SOS, and push notifications. Additionally, improving code quality through integration testing and best development practices.

#### Infinite Computer Solutions | Software Engineer

- Possess 2 years and 4 months of full-time experience as a Software Engineer at Infinite Computer Solutions (June 2022 Present), specializing in Java Production Support, and contributing to the design, development, and maintenance of critical features for the ND MMIS healthcare platform, including change requests and defect resolution.
- Completed a 10-month internship at Infinite Computer Solutions (Nov 2021 June 2022), where I received training in full-stack development and problem-solving, while actively participating in agile practices such as sprint planning, daily stand-ups, and retrospectives.

#### Education

#### Alva's Institute of Engineering and Technology Karnataka, India

• Computer Science and Engineering | CGPA: 8.4

- Alva's Pre University College Mudbidri, India
- Physics, Chemistry, Math's and Computer Science | Percentage: 70.88 %

Projects

#### Project 1 - Worksite BBY Order Fulfillment

- Developed and implemented REST APIs as a backend developer using Java, Spring Boot, Kafka, relational databases, and microservices architecture. Worked on cloud platforms such as Google Cloud (GCP) and Firebase.
- Enhanced code quality standards by implementing integration tests using the Cucumber framework and unit tests with JUnit, ensuring robust and reliable software development

#### Project 2 - <u>ND MMIS</u>

- Contributed to the ND MMIS project to modernize Medicaid management, handling complex defect resolution, change requests, and data management. Utilized Azure DevOps, AWS, and Docker for deployment.
- Worked with technologies including Java, Spring Boot, JavaScript, Angular, REST APIs, MySQL, Microservices, Maven, and Hibernate to develop and maintain the application

#### Project 3 - Neerude\_Parish\_Project

• Developed a complete website as a freelance social service project using Angular, Java, Spring Boot, MySQL, REST APIs, Microservices, Docker, Git, and GitHub.

#### Project 4 - AIET ERP Project

- Developed an Examination System for my college final year project, Using PHP, MySQL, JavaScript, AJAX, Bootstrap, and CSS.
  Academic and Extracurricular Achievements
- Engaging in daily Data Structures and Algorithms (DSA) problem-solving through participation in the <u>GeeksForGeeks</u> Problem of the Day (POTD) event to enhance and demonstrate my proficiency in this domain.
- Obtained certifications in <u>Java</u>, <u>SQL</u>, <u>GIT</u>, JavaScript, AWS, <u>Angular</u>, <u>React</u>, <u>CSS</u> and <u>HTML</u> showcasing a comprehensive skill set in software development.solve problems in <u>hacker Rank</u>, and Leetcode

### **Positions of Responsibility**

 Led a Hackathon event and final year project, overseeing planning, development, and online hosting. Actively contributed to ICYM, engaging in social initiatives and community service.
